Case Explorer

OVERVIEW

Case Explorer is computer software developed for law enforcement and other public safety organizations. It provides basic case management features with functionality focused toward information sharing. Case data is deconflicted as it is entered into the system. Notifications are sent for case matches. Cases are entered into the system with relevant people, addresses, numbers and other supporting information.

For more information, please contact the University of Maryland, Office of Technology Commercialization. phone: 301-405-3947 x20. e-mail: otc@umd.edu.
